CURRICULUM
FOR LOCAL EXAMINATIONS IN MUSIC.

The University of Toronto Local Examinations in Music are held annually at specially announced dates between the 1st of June and 15th of July. The examinations in Theory will be held in the second week of June, 1903.

The Local Examinations include the Primary, Junior and Senior grades, in the practical branches (piano, organ and violin), and the Junior, Intermediate and Senior grades in the Theory of Music.

As necessity arises examinations will be announced in other practical branches.

Various local centres, each under the charge of a Local Representative, have been established in different parts of the Dominion.

Applications for Local Examinations must be forwarded to the Registrar of the University not later than May 9th, 1903. The fees for examination and certificate must, in all cases, accompany the candidate's application for examination. The fee for certificate will be returned to unsuccessful candidates.

The names and addresses of candidates should be written on the proper form of application which may be obtained through the local representatives, or upon application to the Registrar of the University.

A list of the successful candidates will be published in the Toronto papers as soon as possible after the examiners have completed their duties.

Candidates in practical subjects are informed that when any particular edition is named, for the purpose of identifying compositions, the use of such edition is not compulsory. The examiners will accept any edition, but candidates are particularly cautioned against presenting wrong pieces, as errors in this respect will invariably result to the disadvantage of the candidate.

The total number of marks necessary to pass in any subject is 60; for second class honors, 70; for first class honors, 80; maximum, 100.

Candidates may, if desired, pass at once to any higher examination in the series without first passing the lower grades.

There is no appeal whatever from the decision of the Examiner or Examiners.

LOCAL EXAMINATIONS.

THEORY OF MUSIC.

The Theory Examinations are conducted in three grades:—JUNIOR, INTERMEDIATE and SENIOR. The Board of Studies have decided not to name any text books on Harmony and Counterpoint. Intelligible answers will be accepted by the Examiners, regardless of any particular system or theory.

Three hours will be allowed for each paper.

For particulars as to fees, see page 28.

The JUNIOR Division paper will embrace questions on notes and rests; key-signatures and time-signatures; intervals and their inversions; treble and bass clefs; major, minor and chromatic scales; meanings of terms and signs in ordinary use; transposition from one key to another, and from treble to bass, or vice versa. No part-writing will be required, but questions will be asked on the construction of the common chord, and the chord of the dominant seventh; and on the inversions of these chords.

The INTERMEDIATE Division paper will embrace questions on transposition into various keys and clefs (including the C clef); intervals and their inversions; triads and their inversions; the dominant and diminished sevenths, and their inversions and resolutions; preparation and resolution of suspensions (including retardations); transcription from short score to open vocal score; the harmonization of a figured bass; cadences; sequences; simple modulation; well-known facts on musical history within the period 1750-1850.

The SENIOR Division paper will embrace questions on Triads (Consonant and Dissonant); Discords of the seventh and ninth (Chromatic and Diatonic) Suspensions; Passing discords; the augmented sixth; inversions of all the before-mentioned chords; adding three parts above a figured bass; Harmonizing a given melody, or an unfigured bass, in three or four parts; adding one part in the first species of counterpoint to a given canto fermo; adding one part in the second, third, fourth or fifth species of counterpoint to a given Canto Fermo; Elementary Form (questions will be set on the general outline of movements in the Ancient and Modern Binary Forms, and on the Musical Period, Section and Phrase); Modulation; Musical History from 1680 to 1850.
